21. Henan Xinch International Trade Co., Ltd
(河南新驰国际贸易有限公司)

Introduction to products or services (Describe business scope in details, including specific products or services):

Xinchi Group is an international comprehensive enterprise that integrates design, research and production of bags, sales service, import and export trade, warehousing and logistics. It has two production bases in Shiling, Guangzhou and Minquan, Henan, and independent brands including Delune, Winmax, VN and Cocomilo. It mainly deals with children's school bags, trolley cases, casual bags and other products, which are also exported to more than 100 countries and regions. As a modern enterprise group, Xinchi boasts international sales subsidiaries in Russia, Poland and other Eastern European countries and the US, online shops, and mature cross-border e-commerce platforms at home and abroad as partners, such as Taobao, Tmall, JD, Amazon, Alibaba and eBay.

The group has constantly expanded the bag industry chain, vigorously explored the path to transformation and upgrading, and tapped its potentials. In 2016, the group carried out strategic cooperation with well-known logistics and express companies in China and committed itself to the development, production and operation of circulation boxes that can be recycled for environmental protection. Focusing on market demand, it has developed cold-chain circulation boxes and smart circulation boxes. It has boosted the development of green logistics, recycling logistics and smart logistics, and thus the sustainable development of the logistics and express industry. At present, the company has launched environmentally friendly recyclable packaging materials and patented circulation boxes for sharing, and also created a public service platform characterized by "Internet + collaborative manufacturing" for circulation boxes across China, and provided circulation box related customized services.

Since 2016, the group has started to cooperate with foreign snack and liquor brands and employ well-developed domestic sales and distribution channels to serve as an agent and expand the sales of imported products. It has introduced high-quality green food from Poland, and been an exclusive agent in China for some products. At present, the company has its own online store, and shops on Tmall, JD, Taobao and Pinduoduo, and has formed close partnerships with offline supermarkets, entities, Zhengzhou Free Trade Zone, and land ports. Based in Poland and joining hands with the US and France, the company is expanding its horizons to include the whole world and committed to building a first-rate international supply chain service platform.
