About

WHAT IS FIABCI ?

Founded in 1948, FIABCI, the International Real Estate Federation is a business organisation of real estate professionals worldwide.

With membership including 100 professional associations, themselves representing over 1,5 million members, 65 Academic Institutions and 3000 individual members from all professions of the real estate sector, FIABCI is the most representative real estate organisation in the world.

Members are located in over 65 countries on all continents.

FIABCI holds special consultative status with the Economic and Social Council of the United Nations.

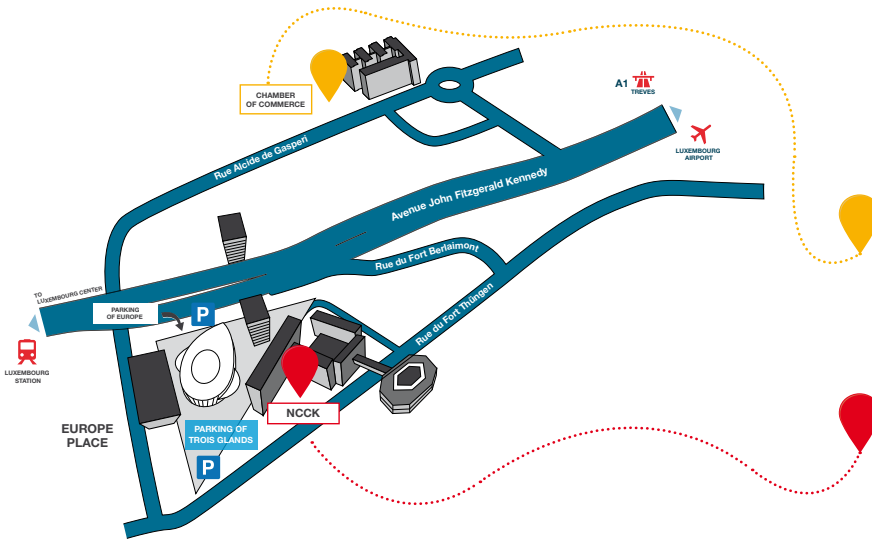

FIABCI 65TH WORLD CONGRESS

It's an international summit of concern for all real estate professionals worldwide that will be held in Luxembourg on 20, 21 and 22 May 2014.

This World Congress is an intensive three day professional program composed of conferences led by internationally renowned speakers, experts' debates, workshops and exhibition area as well as exclusive networking opportunities.

1500 real estate decision makers from about 60 countries are expected to take part to this event. Business sectors from the real estate industry, including disciplines from building, architecture, design, brokerage, property development, investment, project management, finance, expertise, funds, etc., will be represented.
