7	Delegate	YU, PEI-JU / Senior Analyst	Chung-Hua Institution for Economic Research	http://www.cier.edu.tw/	The Chung-Hua Institution for Economic Research has set becoming an international policy think-tank for economic and industry-related research as its goal. Since its establishment, the institution has been serving as a policy think-tank for the ROC government by making important recommendations, for which it has gradually gained prestige and recognition. Yet, as globalization in the economic and industrial sectors has proceeded, the institution has had to represent the country in conducting exchanges with international policy think-tanks. This has paved the way for the institution to be recognized internationally for its research capabilities. Guided by this goal, the institution continues to develop over the long term.	Interested in digital health and Industry 4.0
