Venue : Kempinski Hotel Gold Coast City Accra
Ministries, PMB 66, Gamel Abdul Nasser Ave
Accra, Ghana

Thursday 4 October

09h00-12h00 **Visit of relevant companies / ICT centers / Eco-Innovation sites in Accra and Tema**

Visit of the Tema LNG Terminal: Ghana's fledging gas industry could soon receive a technical boost with the construction of a terminal facility at Tema in the Greater Accra region to receive Liquefied Natural Gas (LNG). Offshore terminals are among the hottest assets in energy. Known as Floating Storage and Regasification Units (FSRUs), a special type of ship that helps transfers LNG through Oceanic channels. The offshore facility has an advantage over land-based LNG terminals because they allow buyers fast access to the LNG market, can be built faster and are typically smaller.

12h00-14h00 *To be determined*

14h00-17h00 **Company visits / Cultural visits** (*To be determined*)

18h30 Transfer to airport

22h05 **Flight to Brussels**
