

# Study Visit "The Dutch Organic Sector"

📍 Den Bosch, the Netherlands  
📅 19 - 20 January 2023

Farming  
the  
Future

On behalf of the Embassy of the Kingdom of the Netherlands in Belgium and BioNederland we would like to invite you to the Netherlands on January 19 and 20 for a two day programme to gain insight into the Dutch organic sector.

## Collaboration to boost the organic industry

The Dutch consider the organic markets of Wallonia and Luxembourg as promising markets. To learn more about the successes of the organic sector, we visited Wallonia and Luxembourg last spring. As a follow up, we would like to invite you to the Netherlands to further strengthen the bond between Wallonia and Luxembourg and the Netherlands. The aim of this visit is to understand how we can jointly increase the total supply of organic products in the three individual countries and how we can assist each other in the development of the organic processing industry.

## BIO Fair

The programme will start on Thursday 19th of January with a visit to the BIO Fair in Den Bosch. This trade show brings the entire Dutch organic sector together. Here, the Dutch government will introduce its brand new multi-year national plan for the organic industry. The perfect opportunity to get informed of the future developments in the Dutch organic sector, to connect with its main players and to cash in on your country's lead in the organic sector

## Field visits

On the second day, we dive into the Dutch organic sector by visiting several companies in the region of Den Bosch. We tend to tailor these visits to your needs, meet policymakers of regional authorities, the processing industry and major players within retail and wholesale such as UDEA.

## Participating & Additional costs

This programme is offered by the Dutch government and therefore **free of charge**. Travel and accommodation costs are at your own expense.

## Interesting for whom?

Companies from Wallonia and Luxembourg active within the organic chain.

For those interested in the developments & policies within the organic sector at government level.

For those who want to strengthen their network internationally and attract new business opportunities

To register, send an email to [wilco@exportpartner.com](mailto:wilco@exportpartner.com)

*After registration, Wilco Boer will be in contact to plan a digital meeting to confirm registration and to further discuss your needs and wishes in favour of the field visits on the second day of the mission. Due to limited places, full + full.*
