NP — A national pavilion allows you to participate as exhibitor in a trade fair at low cost while not having to worry about any stand building issues and while benefitting from joint promotional efforts.

TV — A trade fair visit allows you to discover a trade fair and the latest trends of your sector during a 1-3-day group visit. Most trade fair visits include b2b meetings and / or side events allowing to get the most out of your visit.

SE — A side event is an event organised at the occasion of a trade fair in order to enhance networking opportunities and to promote Luxembourg amongst the trade fair's target group.
