

EIGHTEEN LUXEMBOURGISH COMPANIES AT MIPIM, THE CANNES INTERNATIONAL REAL ESTATE FAIR

For the third-straight year, the Luxembourg Chamber of Commerce has organised a national stand at the Real Estate Professionals' International Market (MIPIM) held between 11th - 14th March in Cannes. With the same size of stand as in previous years, the Chamber was able to host more companies than in 2007. So 18 Luxembourgish companies came together as "partners of the Grand Duchy of Luxembourg" on a 160 m2 collective stand to present their activities and investment projects and to make a large number of promising contacts.

The MIPIM is an unmissable event for real estate projects as it brings together end users (banks, institutional investors, real estate consultants...), representatives of towns and regions, construction promoters and businesses, hotel chains and diverse complementary activities

THE GOVERNMENT
OF THE GRAND DUCHY OF LUXEMBOURG
Ministry of the Economy and Foreign Trade

This is a regular feature by the Luxembourg Chamber of Commerce and the Ministry of the Economy and Foreign Trade. Business Review is distributed each month to embassies, honorary consuls and trade delegations in over 150 countries to inform them and potential trade partners of the wide range of opportunities that exist in the Grand Duchy.

(lawyers, architects, real estate experts, town planners, real estate asset managers, accountants, hotel chains, tourism real estate groups etc.).

In the prestigious Palais des Festivals de Cannes, the Chamber organised a "Journée luxembourgeoise" which attracted around a hundred business people from several countries. This event was opened by Robert Dennewald, vice-chairman of the Chamber of Commerce, who welcomed the guests before introducing the Luxembourgish companies present on the stand and speaking about the range of real estate investment zones in the Grand Duchy: from the capital to Esch-Belval to Sanem. Luxembourg City mayor Paul Helminger followed to present the capital as a place where business and quality-of-life coincide. By common consent, the day was a success and the date has been fixed to return to MIPIM 2009 with a new collective stand by the Chamber.

Did you know?

that Luxembourgish companies can, in countries where there is no resident Luxembourg Embassy, make use of the Belgian regions (Wallonia, Flanders & Brussels) trade attachés in foreign markets?

Indeed, Luxembourg and the three Belgian regions have an agreement that gives companies from Luxembourg the right to use the services (advice and matchmaking) of the Belgian trade attachés just in the same way as companies from Belgium can? The trade attachés offer expert advice on export-related questions and are present in a large number of countries. In order to find out whether there is a Belgium trade attaché in the market you are looking at, please contact the Luxembourg Chamber of Commerce's International Department (international@cc.lu).
